

## 1. Standard design

Pallet with cover plate (open edges) and paper round tube feet

## 2. Options

- Pallet with cover plate (closed edges if height between 15 - 50 mm)
- Profiling by sawing; pressing; punching and milling according to customer requirements.

## 3. Technical specification

### 3.1 Dimensions

Type	Number of tube feet	length	width	height cover plate	pallet height
	pcs.	mm	mm	mm	mm
SWAP pallet with paper tubes	min. 4	max.1600	max. 1100	15 – 80	140 - 200

\* Other dimensions on request

### 3.2 Tolerances

length	width	height
± 3 mm	± 3 mm	± 5 mm

### 3.3 Material moisture content

7 - 11 % from delivery ex works

Dok.-Nr.:	K1_AZ_18	SWAP (Sachsen) GmbH

## 4. Handling

Please check homepage link:: <http://www.tis-gdv.de/tis/ware/papier/wellpapp/wellpapp.htm>

## 5. Storage conditions

Temperature: 18 - 25 °C  
 Humidity: 40 - 55 % relative humidity  
 Storage references: store lying on top of each other in a pile, protect from humidity and heat

## 6. Transport conditions

optimal transport conditions: 20°C  
 Humidity during transport: 40 - 55 % relative humidity  
 Transport references: keep away from any moisture and heat sources

Different values can lead to a reduction of the loading capacity of the pallet

## 7. Material recycling

Similar to paper/paperboard

### Disclaimer of Warranty

We assume the warranty for a constant and perfect quality of our products according to our terms of sale and delivery, but we reserve ourselves technical changes as well as advancements. Test products, prototypes etc. are excluded. These specifications, in particular suggestions for the processing and the use of our products, are based on the current status of our knowledge, experiences and scientific investigations. They do not represent a characteristic warranty in the legal sense. Application, use, and processing of the SWAP products occur outside of our controllability and are therefore exclusively our customers' responsibility. The use of processing temperatures above 105 ° C are examine and assess from the processor. We recommend you carry out sufficient tests in order to guarantee the suitability of our products for the designated purpose. A liability, which goes beyond the value of our products, cannot be derived from the present remarks or from our free of charge and noncommittal advisory service. There is a German and an English version of this document. If questions of interpretation arise, the German version will prevail.
